

FALCON POPLAR

DESCRIPTION	Poplar plywood made from full poplar veneers with origin of Turkey. Long grain faces (both sides). Poplar plywood is lightweight, durable, easy to cut and use, eco- friendly and it has extensive range of application						
APPLICATIONS	Furniture and Accessorize, Architecture and Construction, Packaging Boatbuilding, Toys, Billboards, Music instruments...						
Formaldehyde release	E1						
Gluing	CLASS 1; CLASS 2; CLASS 3 <i>Internal use - Melamin formaldehyde External use - Phenol formaldehyde</i>						
SIZES	Standard sizes (mm)	2500 x 1250			2440 x 1220		
	Thickness	6	9	12	15	18	...
	No. plies	5	5/7	7	7/9	9/11	9/11
Dimensional tolerance	Thickness	+/- 0.2 mm - +/- 0.4 mm					
	Length / Width	+ / - 3.5 mm					
Moisture	8-12%						
Density	450-480 kg/m ³						
Certifications	Eurocert EQC			CE
